

Find the right eLearning for you

Find the right eLearning for you

EPM eLearning

Best when you need targeted learning that helps education leaders and managers deal with real situations confidently.

- Education-specific content
- Real, lived examples from sector experts
- Learning shaped by the issues EPM teams deal with every day
- Immediate pay-as-you-go access
- Individual or role-specific development
- Bespoke training aligned with your organisation's policies, values and circumstances.

LMS eLearning

Best when you need a broad, ongoing learning solution for employees across your school or trust.

- School/trust-wide rollout
- 12-month subscription
- Training records and tracking
- Learning management platform
- Topics beyond education HR, including workplace health & safety and wider business compliance.

Who are you looking to train - individual leaders, particular teams or your whole workforce?

Choose EPM eLearning for education-specific training for individual leaders and small teams.
The LMS eLearning option offers value for money with more than five learners.

How many people need access?

Consider pay-as-you-go options with EPM eLearning, or explore a 12-month subscription service with LMS eLearning.

What are the main areas you need training on?

Specialist education training is offered by EPM eLearning, whilst the LMS eLearning provides a broad catalogue of topics.

How many people need access?

Consider pay-as-you-go options with EPM eLearning, or explore a 12-month subscription service with the LMS eLearning.

Do you need learning to reflect your own policies & values?

Explore EPM's bespoke eLearning offer. We'll check your requirements and tailor our session to your needs.

What are the time requirements for your training?

If you have an immediate need for training, opt for our EPM eLearning. For options available throughout the year, consider the LMS eLearning option which offers a 12 month subscription.

Contact our team to speak through your training needs, number of learners, priorities and budget so that we can help you find the right approach.
